

Insurance Information

We are more than happy to help you by submitting your insurance claim for you without charge. We make every effort to submit your claim the same day. In some instances, the insurance company likes to take an extraordinary amount of time to process the claim, causing you finance charges after 90 days. Insurance coverage enables you to get financial help in paying for a portion of your dental fees. We estimate what the insurance will pay, but it is only an estimate. Our agreement is with you, not the insurance company.

If there is any additional treatment necessary, we will discuss it with you before proceeding.

I understand that I am financially responsible for the dental fees, with or without insurance payment.

I hereby authorize any insurance company to release all information with bearing on the benefits payable under this or any other plan providing benefits or services.

I authorize payment of benefits directly to the provider of service.
